## Fall Semester 2020 Newsletter

Throughout the 2020 fall semester, there have been struggles due to the global pandemic. Even though it has been one big obstacle this semester, we have made the best of our situation in regard to recruitment and brotherhood events. We have hosted numerous potential new member events and brotherhood events as much as we could while respecting Kansas City and Rockhurst COVID guidelines.

For this newsletter I find it fitting that we introduce the 2020-2021 executive board. First, we have Johnathan Ryan who is a junior this year and is our Prytanis. Next, we have Nick Wilmsmeyer who is a senior and is our Epiptytanis. As our Grammateus, there is Phil Figueroa who is a sophomore. For our Crysophylos we have Peter Turner, and he is a junior. Hypophetes is Eli Herink who is a sophomore and finally we have Nate Campbell, and he is a junior this year.

During the fall semester we have hosted multiple potential new member (PNM) and brotherhood events. We decided to merge both events together to increase numbers in members to meet Brotherhood events and PNM events. The most popular event we had was going to TopGolf and we have hosted those events multiple times. Overall, it seemed like it was a huge hit with the brotherhood and also the potential new members.

We are attempting to host multiple fundraising events, one of which is an Alumni Phone-A-Thon where we will call alumni and ask for donations to raise funds for our chapter. We believe that this can be beneficial to not just raise funds but also stay connected with our alumni and create better relationships with them.

Over the fall, we had a philanthropy event where we cleaned a fellow Frater's, Alex Boland, neighbor's yard for three hours. It was a great time for interfraternity bonding and help our community as well.

Make sure to follow us on social media to stay up to date with us and what we have been doing recently!
