TAU KAPPA EPSILON
— Better Men for a Better World —

Dear Fraters,

It is with much honor that I introduce myself to you as the new Histor of the Omicron Nu chapter of Tau Kappa Epsilon. I will be working on the newsletters and will be responsible of informing you about the upcomings of our beloved chapter. For this issue, I will introduce the 2021 Officer core and some other news I believe you will find interesting.

Once again I am very eager to communicate with you and to have the pleasure of informing you the great things that we are doing.

Yours in the Bond,

Patrick Menendez Rosado

Join us this February 27th for a challenge course in which we will be playing Airsoft. The price is \$35 If you still have your Florida Tech ID. If you do not have your ID, the price is \$60. We will be refunding \$20 if you attend. If you are planning to attend please contact frater Liam Roulston or myself.

Meet our 2021 Executive Board

Prytanis

"As a prytanis I have the goal of continuing to improve the campus relations that we have been making progress on for over the last year. I plan to lead as a guide using my experience in Greek Life to help my brothers continue this chapter's improvements. I plan to put the work inn to try and make this a rewarding year."

*~Jonathan Bruder
-Computer Engineering, class of Fall 2021*

Epiprytanis

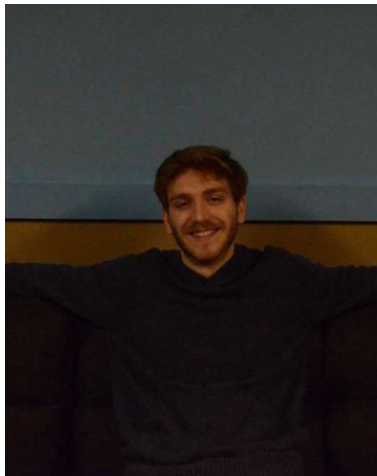

"The previous positions I have held have meant a lot to me, because they have allowed me to aid the brothers while helping me grow as a person. As Epiprytanis I will get to work with the comitees and that will allow me to help maximize the potentials that this chapter of Tau Kappa Epsilon is capable of."

*~Terna Chagu
-Mechanical Engineering, class of Fall 2022*

Meet our 2021 Executive Board

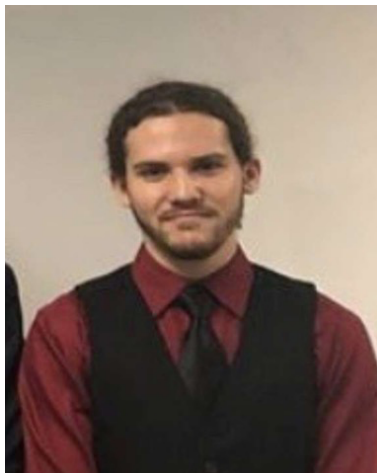

Hypophetes

"I plan to put a strong focus on academics for the chapter which will start with open study hours so that the brothers can help each other with things the others might be struggling with. I also plan to make sure that we are able to keep our brotherhood strong."

*~Liam Roulston
-Electrical Engineering, class of Spring 2023*

Grammateus

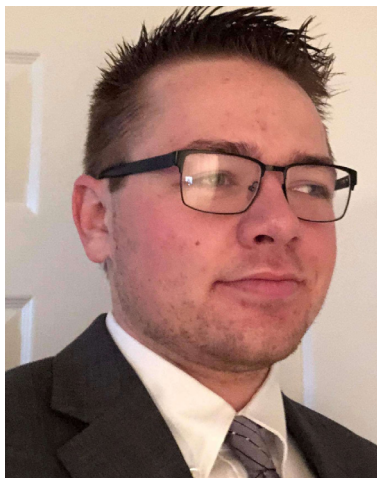

"I am looking forward to helping my fellow officers with any task that I can. I am also planning to be more involved with the other officers and committee heads to make sure that I can get all the information for events from our chapter or others out to the rest of the chapter."

*~CJ Williams
-Biomedical Engineering, class of Spring 2023*

Meet our 2021 Executive Board

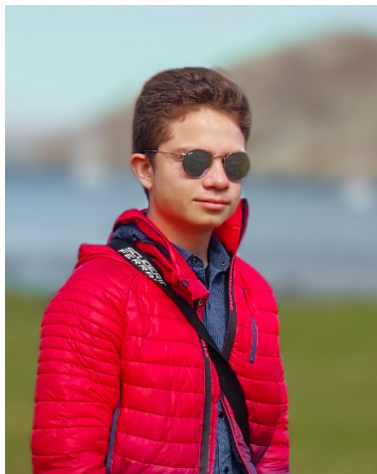

Pyloretas

"My goals are to keep the chapter room clean as well as to do my best to eliminate risks rather than managing them. It is my goal to be fair in my work while also keeping the individuals in the chapter safe and making sure that the chapter follows the rules set forth by the school and the fraternity."

*~Matthew Began
-Ocean Engineering, class of Spring 2022*

Histor

"It is my goal to continue to strengthen the relationship between the alumni and the active members. I also plan to make sure that we have good formal events while following safety guidelines. I cannot wait to start talking to the alumni and learning from the experiences they had."

*~Patrick Menendez Rosado
-Computer Science, class of Fall 2024*

Meet our 2021 Executive Board

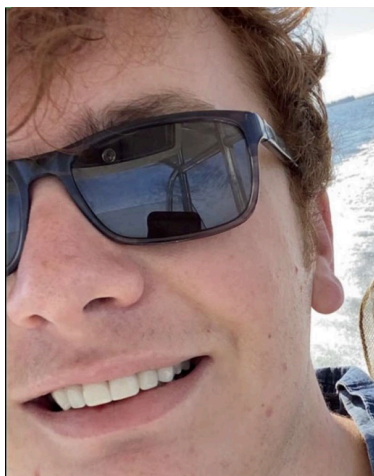

Hegemon

"I want to build men, help prepare them for the future, and instill in them the qualities and values of our fraternity."

*~Bryce Hite
-Biomedical engineering, class of Fall 2021*

Crysophylos

"I plan to help build the chapter's savings while in this time of limited social interaction so that we can have bigger events once it is safe again. I am planning to put the money towards rush and formal events primarily as well as wherever the chapter might need it."

*~Jacob Svehla
-Aerospace Engineering, class of Spring 2023*

24-Hour Stream Charity event

On February 20, frater Maxx Schmidt organized a stream charity event for one of our most beloved partners - St. Jude's Children Research Hospital. For the stream, we will be playing videogames and interacting with the viewers. The stream will also have multiple Q&A sessions which will answer questions related to TKE or St. Jude's. The stream will raise funds through the viewer's donations. It will also include donation prizes that vary from winning a t-shirt, to pie someone in the face, to shave someone's head.

We are inviting everyone to join us in this exciting experience and to support the stream so that we can make as much money as possible for St. Jude's.

For more information, please contact frater Maxx Schmidt or myself.

**24-HOUR
CHARITY
STREAM**
