Chapter room revamp

For a few months already, some of us have been working very hard to revamp our beloved chapter room and give it a fresh and clean look. The chapter room had its ceiling, floor and walls repainted; got new furniture and a new TV that we hope we can all enjoy. It is our intention to use it as a study room more often than not and to keep it this way as much as we can. All this work could not be done without the

effort of frater Mikey Kirkbride #553 and the countless hours that he spent working on it.

Spring 2021 Pledge Class

Let me introduce you to Taulman Abell. Taul is 21 years old, he is a junior Ocean Engineering major that just transferred to Florida Tech. Some of his hobbies include playing music, surfing, photography and videograph. Taul was inducted as frater Mikey Kirkbride's little (Scroll 553).

"As a surfer, my goal in life is to travel the world surfing for the rest of my life while embracing other cultures in the process"

Spring 2021 Pledge Class

Let me introduce you to Joey Rangel. Joey is a freshman studying Aerospace Engineering. He comes from Indianapolis, IN, and his hobbies include working out; trading stocks and options; hanging out with friends; enjoying mexican culture and traveling. Joey was inducted as frater Yves Achdjian's little (scroll 555).

Virtual Charity Stream

Once again, frater Maxx Schmitt #565 is organizing a 24hr virtual charity stream that will raise money for St. Jude's. The previous charity stream raised \$935 and we want to go for more this time. We would enjoy your presence on this stream as the previous one had very good reception and we had a lot of fun! Once again, the details will be posted on the facebook group. For further details, feel free to contact myself.

Airsoft Event

On February 27th, we went to an airsoft course and played for a few hours. The day was a complete success and we had lots of fun. We plan on doing events like this more often and inviting everyone to join us and have a great time!
