Gift of Life

The gift of life is an organization that connects people who need bone marrow and potential donors. We are partnering with them by offering people to get swabbed once they come to the philanthropy events. If they are a match, the hospital will get in touch with them. For those of you who would like to donate but can't show up to the events, please contact me.

If you would like to donate, Here's the QR code to do so:
