OCTOBER 2021 | ISSUE 1

# TKE Newsletter

TAU KAPPA EPSILON

---

## Welcome to the TKE Newsletter

Welcome to the first edition of the TKE newsletter. In these monthly newsletters we will be providing information on what the Pi-Lambda chapter has been up to, and what the plans are for the future of the chapter. It has been a busy past couple of months for the chapter, and the future is looking bright. It is going to be a good year for the chapter, and hopefully sending this newsletter out will not only keep more TeKEs from years past informed but will also encourage more to come around and hang with the active chapter.

# RUSH

Fall Rush 2021 was a huge success for the chapter. In total we got 8 pledges for the semester. With Victor Sanchez wrangling the pledges as Hegemon, we are confident this class will continue to grow the chapter and keep us a force to be reckoned with.

## UPCOMING ALUMNI EVENTS

**October 15 Tektoberfest-** Help the actives tackle two kegs that must be gone by the end of the weekend at the TKE house

**November 13th Alumni Open house-** Come sip on some local beers from breweries around the valley and hang with the actives, we will also be showing the plans for fixing up the house these next few months.

# TOP ALUMNI DONATIONS

This will be a section of every newsletter containing the top charitable donations from alumni to the chapter

1. Dave Murraray \$220
2. Caleb Chavez \$201
3. Aram Kalikian \$200
