

TAU KAPPA EPSILON

Omicron-Kappa Alumni Association Newsletter

April 20th, 2026.

Good morning fraters,

The purpose of this correspondence today is to: Update you on the NEW officers of the OK-AA, Introduce/reintroduce the president to you all, and announce upcoming alumni events.

NEW EXECUTIVE BOARD

Recently, officer elections were held for the alumni association executive board, and many new faces have joined the board. The updated executive board consists of:

- Carl Taz Wininger, President
- Clay Begnaud, Vice President
- Joseph Frosina, Treasurer
- Ian Robicheaux, Secretary
- Aidan Wieber, Histor (Active Chapter)
- Collin Wynee, Communications

I believe I speak for all of us when I say that we are exceptionally excited to take on these roles within the chapter and aim for engagement to grow beyond what was previously thought possible. Current TKE, Omicron Kappa Active Collegiate Chapter numbers: 45.

INTRODUCING YOUR ALUMNI PRESIDENT

I recently spoke with Taz to answer a couple of questions about who he is and his vision for the AA during his time serving as the president. The questions, and answers, are as follows:

1. When were you an active member of TKE?

1996-1999

2. What drew you to serving as the AA president?

I was asked by the outgoing president to step into the roll. Before that I had not even given any consideration to stepping in as AA President, but I have taken this opportunity to graciously assist in building up an organization that we all love.

3. What are your goals for the AA during your time as president?

my goals are to: Increase Awareness for the AA, increase enrollment of active alumnus, work to develop more attractive events to draw many of our alumnus back, and keep the alumni network alive and connected to the active chapter.

4. What is the biggest benefit of being part of the AA?

The biggest benefits for this association are building a professional network with my brothers and continuing involvement with a community to which I have always belonged. Events and reunions are always a plus, but the opportunities to give back to the active chapter will far outweigh all the positives listed here.

UPCOMING EVENTS

We have two quickly approaching events, one hosted by the active chapter, and the other by the alumni association.

First, the active chapter is having their annual Red Carnation Ball on Saturday, May 2nd, at the 4509 Lounge (4509 Johnston St, Lafayette, LA 70503). This event is a phenomenal opportunity for us to directly engage with those who will join us in the AA one day. The active chapter requests a donation of \$30 to attend. The time will be from 6-8:30pm. Please RSVP (985) 328-1627, if you plan to attend.

Then, on Saturday, May 30th, the alumni will be hosting its Alumni BBQ at the new President, Carl Taz Wininger's home (120 Huttingtower Lane, Lafayette, LA, 70508). Active chapter members are all invited to attend this event. The time will be from 2-6pm. Please RSVP 337-316-2685, (with a number of attendees) if you plan to attend so we can plan the food order.

Thank you all for your involvement in the chapter, and we hope to see you all soon!

Yours in the Bond,

A handwritten signature in black ink, appearing to read 'Ian Robicheaux', with a stylized flourish at the end.

Ian Robicheaux
